### RHODE ISLAND LAUNCHED.

Mrs. Dumaine Christens Fifteen Thousand Ton Battleship.

Quincy, Mass., May 18.--The battleship Rhode Island has been launched at the yards of the Fore River Engine company. Mrs. F. C. Dumaine, wife of one of the directors of the company, christened the vessel.

A crew of workmen was brought from Groton, Conn., to assist in the launching, on account of the lack of skilled workmen at the yard due to the strike. No interference was offered by any of the strikers.

After the vessel had left the ways the launching crew experienced an unexpected disaster. The great craft had attained such headway that she could not be stopped in deep water, and her anchor failing to hold, her stern was forced into a mud bank. Three tugs made fast to her as soon as possible, but the tide fell rapidly, and they were unable to move her. The company sent to Boston for additional tugs, and it was expected the battleship would be released before the next flood tide. A naval inspector who was on the scene expressed the opinion that as

the bottom was soft, the ship would not be damaged in the least.

The Rhode Island is a sister ship of the battleships Virginia, New Jersey, Nebraska and Georgia. She will have, when ready for service, a displacement of 15,220 tons. The speed called for in the contract is nineteen knots. She is unheated, has two screws, superposed balanced rudders on quarter deck and forecabin and one eight-inch gun turret on each beam. She will have three funnels, fore and aft, and two military masts with fighting tops. She will have two sets of four cylinder, inverted triple expansion engines and twenty-four water tube boilers of Babcock and Wilcox type.

Her armor is of Krupp steel, with a complete water line belt eight feet deep, eleven inches in thickness at the top and eight inches at the bottom between barbettes, tapering to four inches at the ends. The armor from the water line belt to the upper deck is six inches thick. The main barbettes and turrets have ten inches of armor. The protective deck has an inch and a half of armor on the flat, three inches on slopes, and the Rhode Island's armament will be four twelve-inch guns in pairs in turrets, four eight-inch guns in

pairs in superposed turrets, four eight-inch guns in pairs in turrets, one on each beam, at upper deck level, twelve six-inch rapid fire guns on main deck, twelve three-inch rapid fire guns, twelve three-pounder rapid fire guns, four one-pounder rapid fire guns and four one-pounder automatics. The length of the vessel on the load water line will be 435 feet, beam 70 feet 19 inches, mean draft 24 feet, maximum load draft 26 feet.

### CUTS OFF RACING REPORTS.

Western Union's Action in Regard to Alleged Poolroom Scandal.

New York, May 18.--Colonel Robert C. Clowry, president of the Western Union Telegraph company, has communicated the following notice to the press:

"I have, on my own initiative, directed the discontinuance of the delivery of reports of horse races to all classes of subscribers in the city of New York and the reports have been discontinued."

This action on the part of Colonel Clowry is apparently a result of the controversy started by E. Norton Goddard in charging that the existence of poolrooms in New York city was due to the connivance of the Western Union Telegraph company.

### MARCHAND AN EX-SOLDIER.

Hero of Fashoda Out of French Army and May Enter Czar's Service.

Paris, May 18.--Colonel Marchand's career in the French army closed at noon, when his period of arrest for publicly criticizing his superiors expired and the official acceptance of his resignation was handed to him. In an interview he said he would give out a statement "answering the falsehoods of the military authorities."

The colonel maintains it was Emperor Nicholas who desired him to accompany the Russian forces in the far east and says he willingly gives up the "gold lace of dress uniforms" and is ready to surrender his decorations if desired. However, if war breaks out France can count on his devotion and life. In the meantime Marchand intends to take up an active career. He does not specify his future plans, but his use of the words "active career" appears to indicate his intention of entering politics or offering his services to Russia.

Kuropatkin Has Coffin With Him.

Baltimore, May 18.--Brunslaw Kuropatkin, a Pole from this city in the Russian army, writing to the editor of a Polish paper here, says that in the baggage of General Kuropatkin is a coffin bearing a silver plate with the general's name. The general, the writer says, some months ago dreamed that he was killed in the war and his body so badly mangled that it was buried with others in a trench. He accordingly carries the coffin to insure a burial suitable to his rank. The coffin is disheartening to the general's subordi-

## OHIO REPUBLICANS

They Meet In Columbus With a Ready Made Slate.

### FACTIONS BURY THE HATCHET

Dick, Foraker, Cox and Herrick Will Go to Chicago as Delegates at Large, and Present State Officers Will Be Renominated.

Columbus, O., May 18.--The preliminary meetings of the Republican state convention here were not as demonstrative or as largely attended as usual. No spectacular scenes could be expected, the county conventions of last week having shown that there would be no factional changes in the state committees or other parts of the organization. More than enough delegates came from these counties pledged or instructed to assure the selection of Governor Herrick, Senators Foraker and Dick and George R. Cox of Cincinnati as the delegates at large. With one of the alternates at large conceded to the colored men, the other three alternates at large were left to the field, that had nothing else in it but the nominations for supreme judge and member of the board of public works. It is conceded that the secretary of state, the clerk of the supreme court and the food and dairy commissioner will be renominated.

Herrick Chairman.

Governor Herrick will be both temporary and permanent chairman of the convention and will be re-elected as the Ohio member of the Republican national committee. Senator Dick will write the platform and will again be chairman of the state executive committee.

There was much comment among the delegates as to who would become the successor of Hanna in Ohio politics, and it is said that there is considerable rivalry among the Hanna men on the question of leadership. Many question whether Senator Dick will continue as the head of the state organization next year, and even whether Herrick will be a candidate for re-election.

It is the consensus of opinion that the "successor of Hanna outside of the senatorship" will not be determined at the first Ohio Republican convention that has been held in many years without Hanna. It is conceded that George B. Cox, with Dr. J. F. Lowes of Dayton and a few others, holds the balance of power, and it is due to Cox's power and influence that the present convention is without contests for the prominent places, as Cox is for harmony at the sacrifice of all factional preferences.

### LONG BATTLE IN ILLINOIS.

Republican State Convention In Record Breaking Session.

Springfield, Ill., May 18.--The Republican state convention was called to order with little prospect of a break in the deadlock.

When the Yates delegates marched to Convention hall, headed by a band, each delegate wore on his hat a card reading "You Are the Eternal Stayers," the first letters of each word of the sentence spelling "Yates."

The thirty-first ballot resulted: Yates, 431; Lowden, 473; Deneen, 383; Hamlin, 107; Warner, 32; Sherman, 50; Pierce, 21.

On the thirty-second ballot Warner gained one and Sherman lost one from Lanesville county. Lowden lost one to Hamlin in Madison and Yates one to Hamlin in Pike. Yates lost one in Wabash, the vote going to Lowden.

The thirty-third ballot resulted: Yates, 429; Lowden, 473; Deneen, 383; Hamlin, 109; Warner, 33; Sherman, 49; Pierce, 22.

The thirty-third roll showed no

### REV. RICHARD BOLAND

A Letter Written For the Benefit of Others.

Rev. Richard Boland, formerly of St. Michael's parish, Lowell, Mass., writes as follows: "Father John's Medicine is unequalled as a preventative of bronchial and lung diseases, which have been working such terrible havoc in our climate. We have used it ourselves and find it most beneficial in cases of prolonged coughs and bronchial irritations. Its use renders the voice flexible and pleasant, and it is for this reason invaluable to all public speakers."

change until Gallatin was reached, when four delegates divided evenly between Hamlin and Yates. Jackson county voted one for Yates, five for Lowden and four for Deneen. Pulaski gave one of its Lowden votes to Warner. Wabash voted solidly for Yates.

### Democrats Convene In Milwaukee.

Milwaukee, Wis., May 18.--The Democratic state convention which will elect four delegates to the national convention in St. Louis have met in the Pabst theater. Before the convention was called to order the impression prevailed that Edward C. Wall would defeat William R. Hearst in securing endorsement for the presidential nomination and that among those certain of being chosen national delegates were Mayor David S. Rose of Milwaukee and Neal Brown of Wausau. Chairman A. F. Wadden of the state central committee called the gathering to order and introduced former Congressman Owen A. Wells of Fond du Lac as temporary chairman.

### Montana Democratic Convention.

Butte, Mont., May 18.--The Democratic state convention, at which six delegates and as many alternates will be chosen for the Democratic national convention at St. Louis, has convened at Great Falls. Several of the delegations from counties throughout the state have come with endorsement for W. R. Hearst and a warm fight is expected. Senators W. A. Clark, Parkes Gilson and Governor Toole probably will be three of the national delegates. Among the other candidates are Lieutenant Governor Frank Higgins and W. G. Conrad.

### Iowa Republicans Assemble.

Des Moines, Ia., May 18.--With Secretary L. M. Shaw of the president's cabinet, Senators Allison and Dolliver, and every member of the lower house in Congress in the city to attend the state Republican convention the indications point to one of the largest attended affairs of its kind in the history of the state. Hon. John N. Irwin of Keokuk will be temporary chairman. Of the 1,300 delegates over 1,000 are conceded to be with the "stand pat"ers, and the only discussion before the delegates at the present time is the wording of the resolution upon the tariff question. It is conceded that the plank will be worded just as the "stand pat"ers' desire.

### New Hampshire Republican Delegates.

Concord, N. H., May 18.--The following delegates to the national convention were elected by acclamation at the Republican state convention here: Senator Jacob H. Gallager, Concord; Senator Henry E. Burnham, Manchester; Daniel C. Remick, Littleton, and Sumner Wallace, Rochester. Alternates were chosen as follows: James M. Layton, Berlin; Eugene Quinn, Manchester; Lycurgus Pittman, Conway, and Seth M. Richards, Newport.

## WOULD YOU HAVE A BEAUTIFUL COMPLEXION

How to Secure One and Enjoy the Best of Health in Nature's Way.

Healthy beauty is the only kind that charms. Of what avail is the shallow prettiness of an invalid? Artificial beauty obtained by the use of lotions, washes and powders contains lead, zinc and bismuth is but a travesty of nature's own. It is the plumpness of flesh and pure blood that makes people attractive. You cannot have health, good looks, rosy cheeks and bright, snappy eyes unless your blood is pure, rich and red. You cannot have that symmetry of development, that radiance of beauty and that healthy glow to the face which is a guarantee of a pure, vigorous blood supply unless your stomach, liver and bowels are working together right. If you are constipated, if you have dropsy, indigestion or an occasional attack of biliousness, there is reason enough why you have a bad complexion, but that is no excuse for your using cosmetics to cover up defects. Better use Smith's Pile-pills and Butternut Pills to cleanse the blood of impurities, regulate the bowels and establish a normal condition of digestion and nutrition. Begin right and you will have no use for artificial beautifiers. Under the active influence of these wonderful little vegetable pills the blood is invigorated and enriched, the nerves are strengthened, the muscles take on new energy, the skin becomes rosy and red, showing the circulation is normal and active as Nature intended it should be. Try this plan, use Smith's Pile-apple and Butternut Pills each night for two weeks and you will be astonished at the improvement. Depend upon it that these little pills will not only correct a bad complexion, but they always cure sick headache, constipation and biliousness in one night. Price 25 cents at all dealers.

All genuine signed W. F. Smith.

Main of the press gallery, house of representatives, to whom applications for press seats at the Democratic national convention in St. Louis should be made, announces that he will not receive any applications after June 8.

### World's Press Parliament.

St. Louis, May 18.--The second day's session of the National Editorial association was marked by a largely increased attendance. Before the session was called to order a band composed of young women from Oklahoma played a number of national airs, the delegates joining in a song accompaniment. When the convention was called to order Colonel John Lyman of Louisiana read a paper by Mr. Joseph Pulitzer of New York, entitled "Institute of Journalists." This was followed by a brief address from Sir Hugh Glazebrook of London, president of the World's Press parliament.

Mme. Von Hengervar Very Ill. Washington, May 18.--Mme. Hengervar von Hengervar, the wife of the Austro-Hungarian ambassador, is painfully ill at the embassy.

## Smith Brothers' Market.

BARRE, VT., May 17, 1904.

### TO OUR PATRONS:--

We believe that a few words with our customers at this time, in explanation of the step we are about to take, will be all that is needed to preserve and continue the pleasant relations now existing between this market and its patrons.

After careful consideration, we have decided to adopt the cash system, to take effect May 20, 1904. At first thought this may seem like a hardship to some, but we do not believe it will prove to be so. In the first place the purchases made at the store are small amounts, usually, and can be easily paid for at the time of the transaction, thereby saving you the annoyance of being presented with a bill the first of each month, and resulting in the saving of a great amount of time and labor to us in keeping books and collecting. Secondly, the fact that the semi-monthly payment system has been established in our city makes it very much easier for the cash system to be followed out.

We have always endeavored to meet the wants of our customers with the best goods we could find, at right prices, and we assure you we shall do so in the future.

Thanking you for your liberal patronage, and trusting this may not mar the pleasant business relations between us, we remain, as ever, your faithful servants,

SMITH BROTHERS,

367 North Main Street, Barre, Vermont.
